

**They can't cook  
or clean. Why would  
you want them in  
your home?**

No queen. No colony. No kidding.

**Smart homeowners prefer smart science. That's what you get when you get with the proven Sentricon<sup>®</sup> system. Around-the-clock termite protection backed by scientific proof.**

Termites cost homeowners more than \$5 billion a year, and insurance usually doesn't help.

That's why nine out of 10 homeowners keep the Sentricon system in place from year to year.

Go ahead, kick out your unwanted houseguests and get the assurance you need. Call us today to have the Sentricon system installed, and rest easy knowing you have around-the-clock termite protection.
