New colonies can.**

RENEW YOUR SENTRICON® SYSTEM. KEEP YOUR HOME PROTECTED.

It takes constant vigilance to keep your home protected from termites. Since queens with their colonies of tens of thousands to millions are always looking to destroy homes just like yours, it's no wonder they invade more than 5 million homes¹ and cause an estimated \$5 billion² in damage annually. Worse, homeowners insurance rarely covers termite damage. With our professional service and the Sentricon® system, you can rest assured your home is protected 24/7, year after year. It's the only way to keep your beloved home from turning into a free meal ticket. Learn more at Sentricon.com.

No queen. No colony. No kidding.  **SENTRICON®**
